# COMPANY PROFILE

---

NT-GEOPHYSICS LLC

# NT-GEOPHYSICS LLC

## AT A GLANCE

NT-Geophysics LLC was founded in 2012. The company provides a wide range of services and technological solutions for the oil and gas industry.

Our mission is to take to the new technological level for the such areas as geological, geochemical and technological well research, assessment and forecasting of pore pressures, and expert services for the analysis of accidents and complications that arise during the drilling process.

Our team has extensive on-site experience in the oil&gas fields of the world.

The Company has been a partner to global service and technology companies for over 7 years. The company has implemented projects for partners such as:

- ❑ ...LUKOIL-Kaliningradmorneft LLC
- ❑ Halliburton International GMBH
- ❑ Weatherford LLC
- ❑ Baker Hughes JSC
- ❑ Gazprom
- ❑ and etc...

# NT-GEOPHYSICS LLC

## PRODUCTS & SERVICES

- ❑ Comprehensive supervision of hydraulic fracturing projects;
- ❑ Execution of engineering calculations for the design and analysis of hydraulic fracturing;
- ❑ Geological, technological, geochemical assessments and research during the well drilling process;
- ❑ Assessment of pore pressures and prediction of AVPD;
- ❑ Remote monitoring and control;
- ❑ Quality monitoring and control procedures during the well construction process;
- ❑ Technical and technological solutions in the field of EC&I and video surveillance;
- ❑ Expert services and analysis of accidents and complications during the well drilling process.

# NT-GEOPHYSICS LLC

## EXPERIENCE AND ADVANTAGES

### Our experience

Our team has extensive on-site experience in the oil & gas fields of the world.

We provided geological and technological research during the construction of prospecting and appraisal wells on the shelf.

There are successfully completed projects...

- ❑ ...on the Caspian Sea (Rakushechnoye field)
- ❑ Baltic Sea (D2, D18, D33 areas)
- ❑ Sea of Okhotsk (Pervoocherednaya-1 well).

### Our advantages

We cooperate with leading Russian Universities in the field of new drilling technologies and well construction control technologies.

Our partners are Gubkin Russian State University of Oil and Gas, National University of Science and Technology "MISIS", Bauman Moscow State Technical University, Astrakhan State University.

Our partners in the development of EC&I systems are CJSC Moscow Design Bureau of Oil and Gas Instrumentation "Oreol", LLC "CB Promobespechenie".
